Mr. William A. Bayse  
Assistant Director  
Technical Services Division  
Federal Bureau of Investigation  
Washington, D.C. 20535

Dear Mr. Bayse:

This letter is in response to your request that our two agencies undertake a joint training effort regarding the GIMS II data base management system.

Initial discussions between Mr. Francis Torpey of your office and Mr. [REDACTED] of our Training Staff indicate that such a joint training project is feasible and should prove beneficial to both agencies. Mr. Torpey has informed us that space has been reserved at your Quantico facility for the period 22 June 1980 to 1 August 1980, and we will proceed with plans to conduct the training during that time frame.

Since this training will take the place of classes we would normally conduct for our own employees, we request that 50 percent of the students be from CIA. We also ask that you provide us two copies of the video tapes you plan on making.

We look forward to working with you, and I am confident that Mr. Torpey and [REDACTED] will work out the necessary details to see this project to a successful conclusion next summer.

Sincerely,

[REDACTED]  
Acting Director of  
Data Processing
